NEED STATEMENT: FIGHT AGAINST BED BUGS

DESCRIPTION: The Gospel Center Rescue Mission's (GCRM) goal is to take all measures to insure our 200+ overnight guests (up to 50 children) have rest free of bed bugs. To do this we need to employ best practices requiring key equipment. This equipment includes 6 commercial washers and dryers, 200 mattress that can withstand heat treatments, 30 metal beds to replace wood or old beds, 600 plastic bed covers, and metal or plastic room furniture to equip 50 rooms. Due to the high volume of usage the need with the exception of furniture replacement is an annual requirement.

BENEFIT: GCRM provides a safe environment for the homeless of San Joaquin County. A bed bug free environment is a priority of this safe environment. Additionally, a good night's sleep prior to many our Guests returning to the streets, Students in GCRM's life changing Programs, or Children going to school can make a huge difference in how these individuals appropriately handle their day's challenges.
