

# GOSPEL CENTER RESCUE MISSION

*over 75 years of restoring lives*

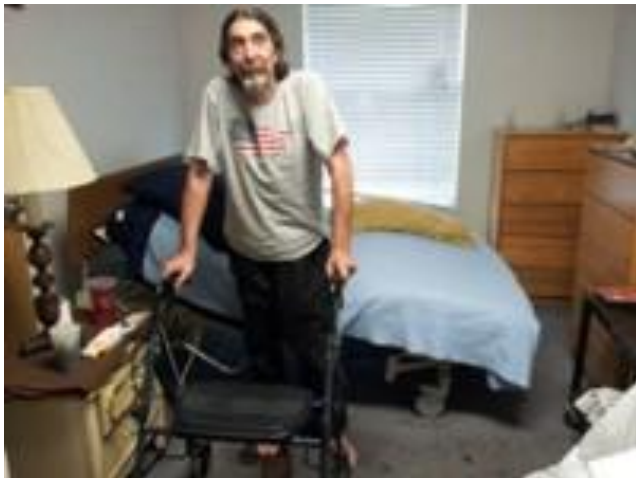

Emergency Lodging - New Hope Family Shelter - New Life Addiction Treatment Program - Hope Housing  
Representative Payee - Hope Learning Center - Homeless Thrift Store - Recuperative Care - Gleason House Medical Clinic

## NEED STATEMENT: RECOUPERATIVE CARE

**DESCRIPTION:** Gospel Center Rescue Mission (GCRM) Recuperative Care is a facility that provides 24-hour shelter beds for people who are too well to be in the hospital, but too sick to recuperate on the streets. Currently there are 6 beds with a 14 bed new facility projected for operation in early 2017 for a 20 bed Recuperative Care Program. Through a collaboration with Community Medical Center's Gleason House Clinic located on the GCRM Campus and the care Link Program, clients have direct access to ongoing treatment and prescriptions at little to no cost. The 2 facility program requires private funding for staff, supplies & services, and multi-facility upkeep.

## BENEFITS:

- Recuperative Care can reduce hospital readmission by 50%. Also Homeless persons are 3-4 times more likely to die prematurely than their housed counterparts. (These two facts are from: National Healthcare for the Homeless Council, n.d.)
- GCRM operates the only Recuperative Care program of its kind in San Joaquin County!
- GCRM's Recuperative Care Program with funding can easily expand!
- GCRM's Recuperative Care Program can be a model for other Rescue Missions to follow!
- Recuperative Care is less costly than hospital care which lowers healthcare costs for all.
